€ I understand that the rebate is in the form of a credit to my BexarMet residential service account. BexarMet will rebate a minimum of \$100 for summer water use reductions **AND** \$10 per percentage point for reductions greater than 10% of the previous summer use average, with a **maximum rebate** of \$300. Comparisons of water use are made for July to September before and after the landscape conversion to calculate the rebate.

€ I agree to keep my landscape in place as long as I live at this address and that I may only apply for one landscape rebate at this address for the life of my residential account.

€ **I agree to provide BexarMet Water District a copy of the receipt or paid invoice for landscape materials, plants or other materials required for this landscape conversion.**

€ **I agree to provide BexarMet with before and after photos of the landscape conversion.**

€ By accepting this rebate, I acknowledge that BexarMet is in no way responsible for the condition of the plumbing or electrical wiring on my side of the meter now, or in the future.

€ I agree that my landscape may be inspected by a BexarMet representative at any time.

€ I understand that BexarMet is not responsible for any installation service or costs related to this project.
