Please direct any questions regarding inspections to the BexarMet Regulatory Compliance Department's Cross Connection Control and Backflow Prevention Department at (210) 354-6586, FAX (210) 354-6593.

NOTE: Customer Service Inspectors and Water Protection Specialist are certified by Texas Commission on Environmental Quality (TCEQ) and are not employees of Bexar Metropolitan Water District. BexarMet may not endorse any particular inspector. For this reason, inspection fees are established by the individual and are not subject to control by TCEQ or BexarMet. Please note that some independent builders are currently completing the customer service inspection certificate. Therefore, prior to contacting an inspector or specialist please contact your builder to confirm their status.
